About the Organisation

ABOUT US

Isikhungo Sabantu is the Peoples Institute, aimed to eradicate poverty in Africa starting in South Africa. We are creating platforms and products using education, general entrepreneurship program and financial literacy as the base to achieve our mission. As a development institute, we pride ourselves on being on the frontier of the fourth industrial revolution. Pioneering new technologies, educational products, and programs, we are embracing a blend between eLearning and physical training, focusing specifically on the development of women and the youth in the entrepreneurial sphere. With SMME development a key focus of ours, as we believe Africa requires more entrepreneurs, driving us to a 4% unemployment rate in South Africa by 2030.

QUALIFICATION

These qualifications will be available online to ensure accessibility throughout the continent and promote the use of digital platforms amongst all Africans.

INSTITUTE

The institute will have both free and affordable paid courses, enabling the sustainability of the platform and ensuring that a high standard of education is upheld.

COURSES

The courses are specifically designed to train and educate students on the changes and the continuous challenges that the African economy faces.

ENTREPRENEURSHIP

We encourage entrepreneurship by our different courses, helping them with their business plan and through our CFI. Thank you from the Isikhungo Sabantu team for supporting us in our mission to eradicate poverty, through entrepreneurial development and education.
